Road trip clue hunt

Pick any four clues. Name what you saw and give one detail that proves it fits.

- [ ] Something that carries more than one car
- [ ] Something with wheels that is being towed
- [ ] A structure that lets traffic cross water
- [ ] A sign with an arrow pointing left
- [ ] A vehicle carrying something you can see
- [ ] A building with a picture of food on it
- [ ] Two objects with the same color but different jobs
- [ ] Something built to keep animals off the road

Sketch or write your best find at the next stop.

Road trip hunt example key

Use these examples to check the idea. Your own sightings can be different.

Picture round

I saw the flag above the gas station, next to the tall price sign. The flag counts once.

Something with wheels that is being towed

A camper behind a pickup counts if you can see the camper's wheels.

Two objects with the same color but different jobs

An orange cone guides traffic. An orange truck carries cargo.

Something built to keep animals off the road

A fence between a pasture and the road can fit. Explain which side the animals are on.
