Park picture hunt

Mark a box when you spot its picture. Try to find four.

☐ **Leaf**

☐ **Rock**

☐ **Stick**

☐ **Cloud**

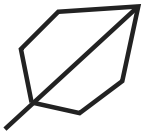

☐ **Flower**

☐ **Bird**

Backyard picture hunt

Mark a box when you spot its picture. Try to find four.

☐ **Leaf**

☐ **Rock**

☐ **Cloud**

☐ **Bird**

☐ **Fence**

☐ **Pot**

Park observation checklist

Find any five. Look from the path and leave what you find in place.

- [ ] A leaf with a jagged edge
- [ ] A rock with two colors
- [ ] A stick shaped like a letter
- [ ] A bird making a sound
- [ ] A patch of shade
- [ ] A seed on the ground
- [ ] Two plants with different leaves
- [ ] A cloud that looks like something

Which find could you describe without naming it?

Backyard observation checklist

Find any five in a yard, courtyard or shared outdoor space.

- [ ] A leaf with a smooth edge
- [ ] Something growing in a crack
- [ ] A shadow touching a wall
- [ ] A plant taller than your knee
- [ ] Two different shades of green
- [ ] A bird or insect in motion
- [ ] A place where rain might collect
- [ ] A pattern that repeats

What might look different here after it rains?

Nature hunt example key

Use these examples to check the idea. Your own sightings can be different.

Park picture hunt

A bird perched on a railing counts. A bird printed on a sign does not.

Backyard picture hunt

A plant growing in a container counts for Pot. An empty flowerpot counts too.

Park checklist

A forked twig can look like a Y. A smooth stone with a white stripe has two colors.

Backyard checklist

Three matching fence slats make a repeating pattern. A shallow dip in paving could collect rain.
